## SUMMARY

---

Fullstack Developer and SAP Technical Consultant, focused on creating solutions that simplify processes and deliver tangible results. I have experience developing web applications, e-commerce platforms, payment gateway integrations, SAP integrations, and process automation using technologies such as Node.js, SAP BTP, Power Platform, and React. I am passionate about building simple, scalable, and user-friendly solutions. I enjoy teamwork, continuous learning, and delivering value through practical and effective technology.

## EDUCATION

---

### Universidad Peruana de Ciencias Aplicadas

2018 - 2023
